

Voter Registration

Voter Registration Students in Georgia can register to vote online by visiting the Secretary of State's My Voter Page. Students who wish to register to vote on paper may pick up a voter registration card by contacting Coastal Pines Technical College's Student Activities Coordinator at specialservices@coastalpines.edu. Once the form is returned and completed, the Student Activities Coordinator will forward the form to the Secretary of State for processing. CPTC Student Government Association also sponsors a voter registration campaign in the Fall.

For information or questions, please contact Student Activities Coordinator at specialservices@coastalpines.edu.
