

Library

The mission of the Coastal Pines Technical College Library is to provide library resource and services which support the academic, cultural, and life-long learning needs of our students, faculty, staff, and local communities. The collection of resources available include print and electronic books, audiovisuals, journals and periodicals, current newspapers, scholarly online databases, interlibrary loan and select ADA equipment. Reference assistance and library instruction/orientation is also available. Space may include areas for study and leisure reading, computer utilization including Internet access and printing, study rooms and/or conference rooms, and computer labs.

Online Library Orientation

The Online Library Orientation can be found on the Library Services page at <http://libguides.coastalpines.edu/libraryservices>
