

Graduation/Commencement Requirements

Students must apply for graduation and meet all program requirements in order to receive their Award(s). The Graduation Grade Point average calculated includes only those courses required for graduation. When a course is taken more than once, the final or highest grade will be used in calculating the grade point average for graduation. A 2.0 grade point average is required for graduation and the student must be in good standing with the college. The letter grade of D (60-69) will be awarded if earned but will not satisfy graduation requirements.

There is no charge to receive a degree, diploma or certificate of credit; however, you must apply in order to have your award printed.
