## **Graduation/Commencement Requirements**

Students must apply for graduation and meet all program requirements in order to receive their Award(s). The Graduation Grade Point average calculated includes only those courses required for graduation. When a course is taken more than once, the final or highest grade will be used in calculating the grade point average for graduation. A 2.0 grade point average is required for graduation and the student must be in good standing with the college. The letter grade of D (60-69) will be awarded if earned but will not satisfy graduation requirements.

There is no charge to receive a degree, diploma or certificate of credit; however, you must apply in order to have your award printed.
